

Rear manual clamping cartridges for HSK-A/C/E and HSK-B/D/F, Short Actuator Version

Rev. 19-0923 Page 1 of 1  
Uncontrolled Document

355.621 series manual clamping cartridges are suitable for HSK-E and HSK-F holders that do not have drive key slots or an access hole on the side of the taper. In addition, the center bolt is compatible with standard HSK coolant tubes.
