

The Power Clamp Premium/Premium Plus is the shrink fit machine for perfectionists. The cooling bodies are fixed at linear guides. For the cooling process they are exactly centered put on the hot shrink fit chuck. The cool down phase is terminated temperature controlled automatically.

- Attachment of the cooling bodies at linear guides
- Centered move-down of the cooling bodies onto the tool holder
- No damage at the edges of the cutting tool
- Warning signals at hot tool holders (green/red lights)
- Power Clamp Premium Plus: Automatic move-up of the cooling bodies after the termination of the cooling process (temperature controlled)
- Mains voltage: 3x360-500 V, 32 A
- Tools: Solid carbide and HSS from Ø 3-50 mm
