Rev. 19-0923 Page 1 of 1 Uncontrolled Document

The motto: everything new. The new KENOVA Setline V756 is based on the proven KALiMAT series. A new drive technology, a new control technique, a new Easy version for Windows 7, a new ergonomic design, and reworked peripheral support have placed the device in a completely new light. Take advantage of many advantages in one device – with the Kenova Setline V7..-series.
